For designers, architects
and general contractors.

Library shelving and study tables.

From drawings to installation

Shop drawings

Work through dimensions, materials and
site requirements with your team.

Manufacture

Make the millwork once the project
details are agreed.

Installation

Coordinate installation with the project
team.

Send your drawings, or tell us what you have in mind.

Amica Whitby

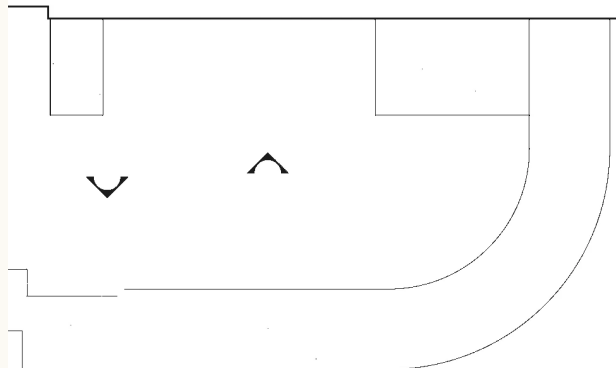

WHITBY, ONTARIO / CURVED BAR & MILLWORK

The finished counter and panelled bar front.

The bar in plan

FRONTIER INC. / SHOP DRAWING

Simplified Frontier shop-drawing fragment. Dimensions, notes and identifying details have been removed. Not for construction. Drawn by JR, as initialled on the source sheet.

The counter and panelled front follow the same curved return. Frontier's drawing sets out the bar in plan and elevation from the project team's design documents.

Project team

MILLWORK & SHOP DRAWING

Frontier Inc. / Shop drawing initialled JR
